**INNOVATIVE & SAFE
ELECTRIC CABLE HANDLING**

GROUND FORCE WORLDWIDE CABLE HANDLING TRUCKS & SYSTEMS

INNOVATIVE & SAFE SOLUTIONS

Ground Force Cable Handling Trucks & Systems are designed and built to self-load, and place and retrieve electric shovel cable quickly and safely. Our line of solutions allows our customers to utilize the vehicle chassis of choice and are available with or without the self-loading crane and additional reel storage. Ground Force cable reel bodies are your safest best and value in cable handling.

Designs for all chassis on the market today.

CABLE REEL HANDLING:

CLASS	CAPACITY	Drum Dimensions	MODEL
Class 7 & 8	1,300 F (396 M) of 2 in cable	contact for info	CRT
40 T (36 mt)	2,000 - 3,200 F (609 - 975 M) of 3.5 - 4 in cable	contact for info	CR40F
Attachment*	860 F (262 M) of 4 in cable	OD 55", ID 28"	CR200
Attachment*	1100 F (335 M) of 3 in cable	OD 70", ID 36"	CR450
Attachment*	1500 F (457 M) of 2.25 in cable	OD 88", ID 56"	CR460
Attachment*	2000 F (609 M) of 1.25 in cable	OD 98", ID 62"	CR470

CUSTOM FEATURES

- Heavy-duty welded steel structure ensures longevity and durability
 - Flexible mount onto your body to assure chassis can flex when needed
 - Hydraulic loading arm allows for precise cable placement away from traffic and lowers to the ground for easy pothead loading
 - Level-wind apparatus and fairlead system for smooth cable payout and retrieval
 - Functions are controlled by joystick from truck cab, dedicated operator station or wireless remote
 - Variable speed control on drum radial piston motor and operator-controlled brake for full control of drum
 - Oversized drums allow for decreased change-out intervals
 - Reel turn table rotates hydraulically 180 degrees
 - Ground-level storage boxes
 - Enclosed and heated operator stations
 - Optional self-loading reel
 - Optional R.O.P.S. structure over cab
- *Ground Force Field Service Available

Enclosed & Heated Operator Station

OPERATOR EASE & SAFETY

- Safety interlock system prevents chassis movement in greater than 2nd gear unless turntable is locked in stowed position
- Perimeter service access to the reel and reel support structure offers safe and efficient maintenance with spring loaded safety gates
- Rear-view cameras
- Anti-Slip walkways and handrails
- Mine site lighting package

All dimensions, specifications, and product availability are subject to change based on continual product improvement and customer request.
