

STAND TANKS PORTABLE & STATIONARY

12,000 - 20,000 gallons
45,400 - 75,700 liters

Ground Force offers two stand tank options designed for fast, efficient field operations: a 12,000 gallon portable unit and a 20,000 gallon stationary platform. Each is built to support rapid on-site filling of water distribution equipment, giving you the right solution based on your site setup.

Both stand tanks comply with DOT requirements and come standard with white exterior paint. Additional paint color options are available, along with custom graphics and logos to help promote your business.

Together, these stand tank options give you the flexibility to match your water distribution system to your operation. Whether you need the mobility of a portable unit for changing conditions or the reliability of a permanent, high-capacity setup, you have a solution designed to support efficient water transfer and consistent performance.

AVAILABLE STAND TANKS

DESCRIPTION	CAPACITY	MODEL
PORTABLE	12,000 G (45,400 L)	12W
STATIONARY	12,000 G (45,400 L)	12W
STATIONARY	20,000 G (75,700 L)	20W

PORTABLE STAND TANK

12,000-gallon portable unit with fifth-wheel towing, engine-driven hydraulic pump, and hoist cylinders for ground clearance and mobility.

STATIONARY PLATFORM

The 20,000 gallon stationary platform is built for fixed applications where higher capacity and consistent throughput are needed, providing a reliable solution for long-term site operations.

EQUIPMENT FEATURES

- ▲ Tie-Down Point at Top of Ladder
- ▲ Access Ladder with Handrail
- ▲ Interior Emergency Egress Rungs
- ▲ Tool Box
- ▲ Lockable Engine Mount Plate
- ▲ 6.5 HP Engine with Hydraulic Pump*
- ▲ Two-Lever Hydraulic Control System*
- ▲ Double Acting Hydraulic Cylinders*
- ▲ Pin Handler*
- ▲ Lockable Cap on Hydraulic Tank
- ▲ Hydraulic Quick Disconnects
- ▲ Heavy Duty Axle & Wheels*
- ▲ Gladhand Connectors
- ▲ Discharge Tube
- ▲ Discharge Control
- ▲ Discharge Sock
- ▲ Exterior Paint
- ▲ DOT Lighting System*
- ▲ DOT Approved Braking System*
- ▲ 5th Wheel Hitch*
- ▲ Dual 11.00 x 22.5 Tires*
- ▲ Mud Flaps*
- ▲ Fill Valve with Auto Shut Off
- ▲ Technical Manual
- ▲ 12 Month Unlimited-Hour Warranty

OPTIONS

- ▲ Side Discharge Mounts
- ▲ Custom Logos
- ▲ Remote Control Solar Water Discharge
- ▲ Additional Water Fill Pipe
- ▲ Clean-Out Port with Cover

*Only available on mobile stand tank. Contact Ground Force sales for complete feature availability.

SELF-RAISING SYSTEM

Ground Force Portable Tanks are able to be deployed in only a few minutes by one person. The self-rising system is easily controlled with a two-lever control system and 6.5 horsepower engine-driven hydraulic system.

Note: Tank must be empty prior to moving, raising, or lowering. Self-raising feature is not available for stationary platform.
